

# AL-100

## Electric Drop bolt

### Features

- Electric locks, magnetic induction type, single electric current
- Lock state output:NC signal(Power on-NC)
- Suitable for any door with frame and open at 90/180 degree

### Technical Specification

#### Electronic

Rated voltage	DC12V
Instantaneous current	3500mA
Power-on time	0.25s
Power	4W

#### General

Applications	Financial , telecom , supermarket , hotel , government , school , airport , factory , public security , police...
Life	>100 W
Anti-pull	1000kg
Dimensions	200*35*38mm

#### Working Environment

Working temperature	-30°C~+60°C
Working humidity	≤95%
